

7 December 1953

Dear Ed:

I am sorry to have been so long in answering your letter about the Trieste conference matter. As you can see from the Press, this is dragging along and I doubt whether there will be any outside delegates appointed as probably this will be handled on a Service basis. However, this is in Foster's balliwick and not mine and I passed on to him a copy of your letter.

I was sorry to have missed the recent dinner given in your honor.

Sincerely,

(Faint, illegible text)
